

About us

ABA Bank was established in 1996 as the Advanced Bank of Asia Limited, and today is a leading private financial institution in Cambodia.

After more than 20 years of development, ABA is now recognized as the frontrunner of the country's banking sector thanks to its digital finance solutions, modernization of its digital channels, and development of the best-in-class mobile banking application, ABA Mobile.

The shareholder of ABA Bank is National Bank of Canada, the sixth largest bank in Canada. It became ABA's shareholder in 2014 and currently holds 100% of the Bank's shares.

For several consecutive years, ABA was recognized by the world's most famous financial publications – Euromoney, Global Finance, Asiamoney, and The Banker, who named ABA the Best Bank in Cambodia. Among other achievements, the awards highly praise ABA's constant dedication to bringing modern digital finances to the country.

And while we have always had our focus on the future and innovation, our 2021 calendar takes the opportunity to look back at how far Cambodia and finance have come in the last 25 years and how much we have grown alongside each other.

Thank you for banking with us!

Opening account then and now

Back in the 1990s, opening a bank account meant going out of your way and taking the extra miles – literally, to get to the bank. Then, most banks were one-branch institutions and if you lived far from one, you had to travel a long way by any means to become a bank client. Twenty-five years later, any new-to-ABA customer can open a first bank account remotely by themselves by simply downloading the ABA Mobile app and start managing all banking necessities.

Shopping then and now

For many years, we could only make purchases right at the shop. Everything from big to small, there was no easier way to go around it without carrying physical money and time spent on traveling. Now, you can browse for items you want, select and pay online without leaving your home or office. Paying for online purchases can be done easily and securely by using ABA plastic or virtual cards without cash handling, and you can get the goods delivered to you directly.

Making purchases then and now

Cash is king, so the saying goes. For a long time, there hadn't been an exchange of goods or services without physical money in Cambodia, even with the introduction of payment cards in the early 2000s. As technology evolved, Quick Response (QR) and contactless card payments were launched in Cambodia recently. While cash is still preferred, many Cambodians already recognized the convenience of paying cashless for their goods and services, using the ABA PAY feature in the ABA Mobile app.

Saving money then and now

Remember how people saved money two decades ago? They used piggy banks, bamboo containers, or kept it under their bed. Those precarious habits were unsafe and all savings could be easily lost. These days, you don't have to do that anymore. As an ABA customer, you can easily deposit cash directly into your savings account through a wide network of Cash Deposit Machines at any time of the day. In addition, you can open a term deposit with higher interest rate right in the ABA Mobile app!

Growing a business then and now

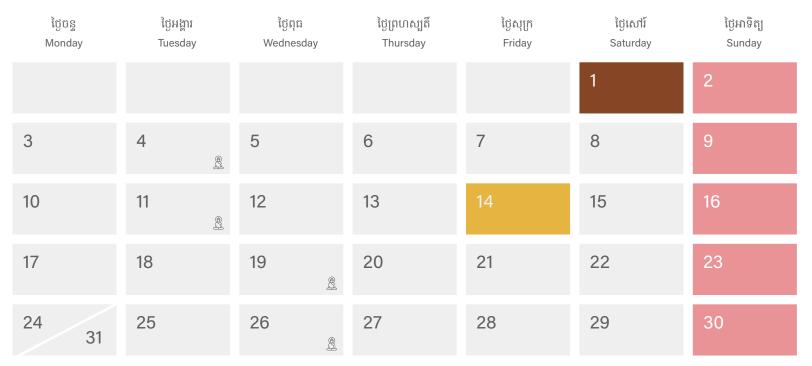

Expanding your business in the 1990s was a serious challenge. The safest source of investment was to borrow from someone you knew. And it was often not enough to make meaningful growth. Now, loans can be applied from a more reliable source, such as ABA Bank – the borrower is protected from sudden interest rate hikes, is professionally consulted on a business plan that fits long-term goals, and has access to flexible refinance schemes to improve current loan terms. All these to ensure the business growth is achievable and sustainable.

Paying bills then and now

Remember when you had to stand in queues to pay some bills? Every month going through the blistering heat or the pouring rain, waiting away from your kids for a simple payment. That monthly ritual definitely belongs to the past. Now, you can settle your bills easier through the Payments function on the ABA Mobile app. Pay for electricity, water, tuition, home loan installments, and many more – all with just a few taps on your smartphone, so you can happily spend the full day with your family.

Paying staff then and now

Back in the 90's, employers had to prepare piles of cash to pay the staff, spending hours counting the bills to get it right. Every payday, they had to be extra careful with all that cash laying around. And the employees too, carrying the money on their way home! Now, managing payroll for staff is more convenient with the ABA Internet Banking for Business platform. It offers an efficient payroll service that reduces costs and eliminates paperwork and manual errors. Plus, the process can be done in minutes!

Transferring money then and now

Sending some cash to your parents from another city or country was quite an undertaking some 20 years ago. Did I give it to a trustworthy courier? What if the bus breaks down? Why does it take so long? Full of worries... But what a blessing these days with ABA Mobile Transfers. Money can be transferred to families, friends or business partners, wherever they are, in seconds! Simply tap the Transfers button in the app to send money swiftly and safely, and ABA takes care of the rest.

Managing a business then and now

If you were a shop owner two decades ago, your suppliers and customers only had cash. You had to note everything down, managing every check carefully by hand and spending hours in the books to run your business. How things have changed! ABA offers PayWay, an easy-to-use payment gateway, allowing local merchants to accept online payments instantly and hassle-free. Additionally, ABA released the PayWay Mobile app for businesses of any kind to collect cashless payments by generating QR codes on their smartphones. PayWay makes running a business easier!

Doing basic banking then and now

Remember the hassle of withdrawing and depositing your hard-earned money at the bank some time ago? Close the shop early, brave through traffic, rush into a bank only to be stuck behind a long queue and wait for hours. Imagine the clients you could have served, all that profit slipping through your fingers! At ABA, we understand your banking needs don't always fit into bank's operation hours. Therefore, we launched ABA 24/7 self-banking service spots, where you can deposit and withdraw cash, deposit checks, and do other basic transactions at your convenience.

ABA Bank facilities then and now

We came from humble beginnings and over the years so much has changed. Sustained growth brought us where we are today. Our network has grown to 79 branches, and our offices have turned into modern facilities, designed to optimize our service to you. But some things remain the same – our commitment to customers and the dedication of our staff, some of whom have been with us for 25 years. It is our privilege to serve you and to dedicate ourselves to your financial needs for many more years to come.

Convenience of banking then and now

Twenty-five years ago, it would have been unimaginable to think about how we bank today. For example, since its launch in 2015 ABA Mobile has now more than 1 million users, offering the best mobile banking experience. With just a few taps, you can make bill payments, mobile top-ups, local and international transfers, issue payment cards, open accounts, and more! With the flexibility and convenience of managing finances remotely, ABA gives you the freedom to spend your time on what matters most – family and friends, not in traffic and queues.
